

Co-opted Programme Controllers Report - Brynley Stone

Firstly I would like to say, overall I have really enjoyed the Programme Controllers position which I have held for approximately 10 months. It was good to see all the work that goes on from the "Committee Side" of things.

One thing though is the same whatever side of the fence you sit; and that is the usual one of apathy. It is always the same few who help out with ward visits, request days, fund raising etc. and I believe it is time for everyone to help out and I am sure everyone can give the station at least 1 hour of their time when these very important items/days come around.

Remember your positions here are not just about presenting / researching shows but to help out when needed.

I would like to thank the committee for their help and advice in my first year as the Programme Controller and I intend to re-stand for election at this meeting ask one thing from the membership that I would like to think I can rely on everyone to pitch in and give their time like the rest of the Committee and the regular 'usual suspects' who always help out.

Steve, Ken, Charlie and Debbie along with myself do put a lot into this station and it's a shame that we can't rely on everyone else to the same.

So in closing I'd like to wish everyone a Healthy and Happy Time and look forward to lots of fund raising etc to enable the station to move forward.
